

Support The Lyme Resource Centre (LRC): Help Us Spread Awareness This Month

Dear Partners and Supporters,

With **Tick Bite Prevention Week** having passed (**March 24th to March 30th 2026**), there is no better time to discuss outdoor safety. As May approaches, the **Lyme Resource Centre (LRC)** - a registered charity dedicated to minimising the risk of Lyme disease - is preparing for **Lyme Disease Global Awareness Month**. Our mission is to ensure people enjoy the outdoors safely by educating both the public and healthcare professionals about ticks and Lyme disease.

Building on the momentum of our recent '**Spotlight on Lyme Disease: Awareness into Action**' event at the Scottish Parliament, we are continuing to provide MSPs with vital data and patient insights. This high-level engagement is a key part of our ongoing work to ensure the voices of those affected are heard at the national level.

We are now reaching out to community-minded organisations like yours, to help us shine a light on this often-misunderstood illness. As a charity, we rely heavily on the visibility and support of the business community to help us spread our life-saving prevention messages.

How Your Organisation Can Work With Us

There are several ways your company can support our charitable mission this year, feel free to support more than one:

- **Light it up Green:** Turn your building or a specific structure green for a night (or more!) during May.
- **Awareness Screensavers:** Display our custom awareness graphics on your office monitors.
- **Educational Outreach:** Use the education and awareness materials available on our website to help inform your staff and clients.
- **Expert Presentations:** We would be delighted to visit your office (or join a video call) to give a 30-minute presentation on Lyme disease prevention and symptoms.
- **Professional Skills (In-Kind Support):** We welcome "help in kind" from teams who can offer pro bono professional services, such as graphic design, administrative support, or technical expertise.

- **Charitable Donations:** As a charity, any financial support, fundraising, or requests for our Charity Support Pack are incredibly impactful and help us continue our vital work.

Let's Get Social!

We want to celebrate your involvement. If you take part, please send us a photo or tag us! We would love to share your support and tag your company across our social media channels to highlight your commitment to our cause.

How to Join Us

To [complete our brief survey click here.](#)

This will help us coordinate our efforts and ensure you have all the materials you need.

Thank you for considering supporting the Lyme Resource Centre. Together, we can make this May our most impactful month yet to increase awareness of Lyme disease and help everyone protect themselves from tick bites.

Kind regards,
